

Victorian Environment Effects Statement

Table of contents

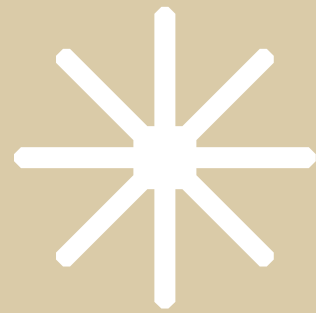

Table of contents

Chapter 1 - Environment Effects Statement introduction

1.1	Context.....	1-2
1.2	Project overview – works in Victoria	1-5
1.3	Delivery of works in Victoria	1-9
1.4	Assessment and approvals pathway	1-11
1.5	Assessment overview and mitigations	1-14
1.6	Assessment structure.....	1-15

Chapter 2 - Project rationale

2.1	Introduction	2-1
2.2	The need for offshore wind	2-2
2.3	Conclusion	2-6

Chapter 3 – Victorian works project development

3.1	Introduction	3-1
3.2	Transmission system alternatives.....	3-6
3.3	Port alternatives	3-18

Chapter 4 - Victorian works project description

PART A – INTRODUCTION AND OVERVIEW	4-1	
4.1	Introduction	4-1
4.2	Victorian works project area.....	4-2
4.3	Works in Victoria - components	4-4
4.4	Implementation.....	4-5
4.5	Project design envelope.....	4-6
PART B – OFFSHORE	4-8	
4.6	Offshore infrastructure	4-8
4.7	Offshore construction	4-10
4.8	Offshore operations and maintenance	4-16
4.9	Offshore decommissioning.....	4-18
4.10	Waste	4-19
PART C – SHORE CROSSING	4-20	
4.11	Shore crossing design.....	4-20

4.12	Shore crossing construction.....	4-23
4.13	Shore crossing operations and maintenance.....	4-30
4.14	Shore crossing decommissioning	4-30
PART D – ONSHORE TRANSMISSION		4-31
4.15	Onshore project area and VicGrid interface.....	4-31
4.16	Onshore transmission infrastructure	4-33
4.17	Onshore construction	4-41
4.18	Onshore transmission operations and maintenance	4-52
4.19	Onshore decommissioning.....	4-53
4.20	Waste	4-53

Chapter 5 - Victorian legislative framework

5.1	Introduction	5-1
5.2	Primary planning and environmental approvals and assessment pathway.....	5-3
5.3	Secondary planning and environmental approvals.....	5-8
5.4	Key legislation relevant to assessment.....	5-11

Chapter 6 - Assessment framework

6.1	Introduction	6-1
6.2	Evaluation framework.....	6-3
6.3	Environmental assessment.....	6-5
6.4	Environmental Management Framework.....	6-15
6.5	Cumulative impact assessment	6-16

Chapter 7 - Community engagement

7.1	Introduction	7-1
7.2	Engagement approach.....	7-3
7.3	Stakeholders	7-5
7.4	Communication and engagement methods	7-12
7.5	Engagement phases	7-20
7.6	Feedback.....	7-27
7.7	Monitoring and evaluation.....	7-42
7.8	Ongoing engagement.....	7-43

Chapter 8 - Onshore ecology

8.1	Introduction	8-1
8.2	Assessment scope	8-2
8.3	Evaluation framework.....	8-3
8.4	Methods.....	8-4
8.5	Existing environment.....	8-7
8.6	Construction impacts.....	8-19
8.7	Operation impacts	8-40
8.8	Decommissioning assessment	8-44
8.9	Cumulative impacts	8-45
8.10	Summary of mitigation, monitoring and contingency measures	8-47
8.11	Offsets	8-48
8.12	Conclusion	8-49

Chapter 9 - Groundwater

9.1	Introduction	9-1
9.2	Assessment scope	9-2
9.3	Evaluation framework.....	9-3
9.4	Methods.....	9-5
9.5	Existing environment.....	9-6
9.6	Construction impacts.....	9-12
9.7	Operation impacts	9-19
9.8	Decommissioning impacts	9-22
9.9	Cumulative impacts	9-23
9.10	Summary of mitigation, monitoring and contingency measures	9-25
9.11	Conclusion	9-26

Chapter 10 - Surface water

10.1	Introduction	10-1
10.2	Assessment scope	10-2
10.3	Evaluation framework.....	10-2
10.4	Methods.....	10-4
10.5	Existing environment.....	10-5
10.6	Construction impacts.....	10-20
10.7	Operation impacts	10-31
10.8	Decommissioning impacts	10-34

10.9	Cumulative impact assessment	10-35
10.10	Summary of mitigation, monitoring and contingency measures	10-36
10.11	Conclusion	10-38

Chapter 11 - Soil and waste

11.1	Introduction	11-1
11.2	Assessment scope	11-2
11.3	Evaluation framework.....	11-3
11.4	Methods.....	11-6
11.5	Existing environment.....	11-7
11.6	Construction impacts.....	11-15
11.7	Operation impacts	11-25
11.8	Decommissioning assessment	11-28
11.9	Cumulative impact assessment	11-29
11.10	Summary of mitigation, monitoring and contingency measures	11-31
11.11	Conclusion	11-33

Chapter 12 - Agriculture and forestry

12.1	Introduction	12-1
12.2	Assessment scope	12-2
12.3	Evaluation framework.....	12-3
12.4	Methods.....	12-5
12.5	Existing environment.....	12-6
12.6	Construction impacts.....	12-10
12.7	Operation impact assessment	12-24
12.8	Decommissioning impact assessment.....	12-29
12.9	Cumulative impacts.....	12-30
12.10	Summary of mitigation, monitoring and contingency measures	12-32
12.11	Conclusion	12-33

Chapter 13 - Onshore Aboriginal cultural heritage

13.1	Introduction	13-1
13.2	Assessment scope	13-2
13.3	Evaluation framework.....	13-3
13.4	Methods.....	13-4
13.5	Existing environment.....	13-6
13.6	Construction impacts.....	13-13

13.7	Operation impacts	13-24
13.8	Decommissioning impacts	13-30
13.9	Cumulative impacts	13-31
13.10	Summary of mitigation, monitoring and contingency measures	13-32
13.11	Conclusion	13-33

Chapter 14 - Historical heritage

14.1	Introduction	14-1
14.2	Assessment scope	14-2
14.3	Evaluation framework.....	14-3
14.4	Methods.....	14-4
14.5	Existing environment.....	14-6
14.6	Construction impacts.....	14-26
14.7	Operation impacts	14-39
14.8	Decommissioning impacts	14-43
14.9	Cumulative impacts	14-44
14.10	Summary of mitigation, monitoring and contingency measures	14-45
14.11	Conclusion	14-47

Chapter 15 - Electromagnetic field exposure

15.1	Introduction	15-1
15.2	Assessment scope	15-2
15.3	Evaluation framework.....	15-2
15.4	Methods.....	15-6
15.5	Existing environment.....	15-7
15.6	Construction impacts.....	15-9
15.7	Operation impacts	15-9
15.8	Decommissioning impacts	15-14
15.9	Cumulative impacts	15-15
15.10	Summary of mitigation, monitoring and contingency measures	15-16
15.11	Conclusion	15-17

Chapter 16 - Onshore noise and vibration

16.1	Introduction	16-1
16.2	Assessment scope	16-2
16.3	Evaluation framework.....	16-3
16.4	Methods.....	16-6
16.5	Existing environment.....	16-7
16.6	Construction impacts.....	16-13
16.7	Operation impacts	16-21
16.8	Decommissioning impacts	16-22
16.9	Cumulative impact assessment	16-23
16.10	Summary of mitigation, monitoring and contingency measures	16-24
16.11	Conclusion	16-25

Chapter 17 - Traffic and transport

17.1	Introduction	17-1
17.2	Assessment scope	17-2
17.3	Evaluation framework.....	17-3
17.4	Methods.....	17-5
17.5	Existing environment.....	17-7
17.6	Construction impact assessment	17-15
17.7	Operation impact assessment	17-28
17.8	Decommissioning impacts	17-30
17.9	Cumulative impacts.....	17-31
17.10	Summary of mitigation, monitoring and contingency measures	17-33
17.11	Conclusion	17-34

Chapter 18 - Air quality

18.1	Introduction	18-1
18.2	Assessment scope	18-2
18.3	Evaluation framework.....	18-3
18.4	Methods.....	18-4
18.5	Existing environment.....	18-5
18.6	Construction impacts.....	18-14
18.7	Operation impacts	18-20
18.8	Decommissioning impacts	18-22
18.9	Cumulative impact assessment	18-23
18.10	Summary of mitigation, monitoring and contingency measures	18-24

18.11	Conclusion	18-25
-------	------------------	-------

Chapter 19 - Submerged Aboriginal cultural heritage

19.1	Introduction	19-1
19.2	Assessment scope	19-2
19.3	Evaluation framework.....	19-3
19.4	Methods.....	19-5
19.5	Existing environment.....	19-7
19.6	Construction impacts.....	19-20
19.7	Operation impacts	19-23
19.8	Decommissioning assessment	19-25
19.9	Cumulative impact assessment	19-25
19.10	Summary of mitigation, monitoring and contingency measures	19-27
19.11	Conclusion	19-28

Chapter 20 - Social

20.1	Introduction	20-1
20.2	Assessment scope	20-2
20.3	Evaluation framework.....	20-3
20.4	Methods.....	20-5
20.5	Existing environment.....	20-8
20.6	Construction impacts.....	20-13
20.7	Operation impacts	20-25
20.8	Decommissioning impacts	20-27
20.9	Cumulative impacts.....	20-28
20.10	Summary of mitigation, monitoring and contingency measures	20-30
20.11	Conclusion	20-31

Chapter 21 - Business and tourism

21.1	Introduction	21-1
21.2	Assessment scope	21-2
21.3	Evaluation framework.....	21-3
21.4	Methods.....	21-4
21.5	Existing environment.....	21-8
21.6	Construction impacts.....	21-13
21.7	Operation impacts	21-22
21.8	Decommissioning impacts	21-23

21.9	Cumulative impacts	21-24
21.10	Summary of mitigation, monitoring and contingency measures	21-27
21.11	Conclusion	21-29

Chapter 22 - Land use and planning

22.1	Introduction	22-1
22.2	Assessment scope	22-2
22.3	Evaluation framework.....	22-3
22.4	Methods.....	22-6
22.5	Existing environment.....	22-7
22.6	Construction impacts.....	22-23
22.7	Operation impacts	22-28
22.8	Decommissioning impacts	22-30
22.9	Cumulative impacts.....	22-31
22.10	Summary of mitigation, monitoring and contingency measures	22-33
22.11	Conclusion	22-35

Chapter 23 - Victorian marine environment

23.1	Introduction	23-1
23.2	Coastal processes and sediment transport.....	23-3
23.3	Benthic ecology.....	23-24
23.4	Fish and invertebrates.....	23-41
23.5	Offshore ornithology and bats	23-68
23.6	Marine mammals and turtles.....	23-91
23.7	Decommissioning impacts and risks	23-123
23.8	Cumulative impacts.....	23-124
23.9	Summary of mitigation, monitoring and contingency measures	23-126
23.10	Conclusion	23-129

Chapter 24 - Victorian marine protected areas

24.1	Introduction	24-1
24.2	Assessment scope	24-2
24.3	Evaluation framework.....	24-3
24.4	Methods.....	24-5
24.5	Existing environment.....	24-6
24.6	Corner Inlet Ramsar site assessment.....	24-12
24.7	Corner Inlet Marine National Park and Marine and Coastal Park assessment	24-17

24.8	McLoughlins Beach - Seaspray Coastal Reserve assessment	24-19
24.9	Ninety Mile Beach Marine National Park assessment	24-21
24.10	Nooramunga Marine and Coastal Park assessment	24-23
24.11	Wilson's Promontory Marine National Park and Marine Reserve.....	24-27
24.12	Decommissioning impacts	24-29
24.13	Cumulative impact assessment	24-30
24.14	Summary of mitigation, monitoring and contingency measures	24-33
24.15	Conclusion	24-34

Chapter 25 - Commercial and recreation fisheries in Victorian waters

25.1	Introduction	25-1
25.2	Assessment scope	25-2
25.3	Evaluation framework.....	25-3
25.4	Methods.....	25-5
25.5	Existing environment.....	25-9
25.6	Assessment context	25-30
25.7	Construction impacts.....	25-32
25.8	Operation impacts	25-40
25.9	Decommissioning impacts	25-46
25.10	Cumulative Impacts.....	25-47
25.11	Summary of mitigation, monitoring and contingency measures	25-49
25.12	Conclusion	25-51

Chapter 26 - Victorian Environmental Management Framework

26.1	Introduction	26-2
26.2	Statutory context	26-4
26.3	Roles and responsibilities	26-10
26.4	Environmental Management System (EMS).....	26-12
26.5	Environmental management documents	26-15
26.6	Evaluating compliance	26-24
26.7	Mitigation measures	26-29

Chapter 27 - EES summary and conclusions

27.1	Introduction	27-1
27.2	EES evaluation objectives.....	27-1
27.3	Summary of cumulative effects	27-20
27.4	Conclusion	27-24

Attachment I - EES map book

Attachment II - Consultation report

Attachment III - Draft planning scheme amendment

Attachment IV - EES scoping requirements checklist

Technical reports

Technical report A - Coastal processes and sediment transport

Technical report B - Benthic ecology

Technical report C - Fish and invertebrates

Technical report D - Marine mammals and turtles

Technical report E – Offshore ornithology and bats

Technical report F - Marine protected areas

Technical report G - Onshore ecology

Technical report H – Groundwater

Technical report I - Surface water

Technical report J - Soil and waste

Technical report K - Aboriginal cultural heritage

Technical report L - Historical heritage

Technical report M - Non-Aboriginal underwater cultural heritage

Technical report N - Commercial and recreational fisheries

Technical report O - Infrastructure and co-existence with other users

Technical report P - Shipping and navigation

Technical report Q - Business and tourism

Technical report R - Social

Technical report S – Agriculture and forestry

Technical report T - Land use and planning

Technical report U - Seascape, landscape and visual

Technical report V - Electromagnetic field exposure

Technical report W - Onshore noise and vibration

Technical report X - Traffic and transport

Technical report Y - Air quality

Technical report Z - Submerged Aboriginal cultural heritage

Attachment I - Underwater noise modelling

Attachment II - Oil spill modelling summary
