

Commonwealth Environmental Impact Statement

Table of contents

Table of contents

Chapter 1 - Environmental Impact Statement introduction

1.1	Project context	1-4
1.2	Project overview	1-7
1.3	Project delivery	1-9
1.4	Assessment and approvals pathway	1-11
1.5	Assessment overview and mitigations	1-14
1.6	Assessment structure	1-15

Chapter 2 - Project rationale

2.1	Introduction	2-1
2.2	The need for offshore wind	2-4
2.3	Government policies and objectives	2-9
2.4	Project objectives	2-14
2.5	Project benefits	2-15
2.6	Consideration of feasible alternatives	2-22

Chapter 3 – Project development

3.1	Introduction	3-1
3.2	Offshore wind farm alternatives	3-9
3.3	Turbine alternatives	3-17
3.4	Transmission system alternatives	3-18
3.5	Port alternatives	3-33

Chapter 4 - Project description

PART A – INTRODUCTION AND OVERVIEW		4-1
4.1	Introduction	4-1
4.2	Project area	4-2
4.3	Project components	4-4
4.4	Project implementation	4-5
4.5	Project design envelope	4-7
PART B – OFFSHORE		4-9
4.6	Offshore infrastructure	4-9
4.7	Offshore construction	4-21

4.8	Offshore operations and maintenance	4-36
4.9	Offshore decommissioning.....	4-41
4.10	Repowering	4-42
4.11	Waste	4-42
PART C – SHORE CROSSING.....		4-44
4.12	Shore crossing design.....	4-44
4.13	Shore crossing construction.....	4-47
4.14	Shore crossing operations and maintenance.....	4-53
4.15	Shore crossing decommissioning	4-53
PART D – ONSHORE TRANSMISSION		4-54
4.16	Onshore project area and VicGrid interface.....	4-54
4.17	Onshore transmission infrastructure	4-56
4.18	Onshore construction	4-64
4.19	Onshore transmission operations and maintenance	4-75
4.20	Onshore decommissioning.....	4-76
4.21	Waste	4-76

Chapter 5 - Commonwealth legislative framework

5.1	Introduction	5-1
5.2	Primary planning and environmental approvals and assessment pathway.....	5-3
5.3	Secondary planning and environmental approvals.....	5-7
5.4	Key legislation relevant to assessment.....	5-9

Chapter 6 - Assessment framework

6.1	Introduction	6-1
6.2	Evaluation framework.....	6-3
6.3	Environmental assessment.....	6-5
6.4	Environmental Management Framework.....	6-15
6.5	Cumulative impact assessment	6-16

Chapter 7 - Community engagement

7.1	Introduction	7-1
7.2	Engagement approach.....	7-3
7.3	Stakeholders	7-5
7.4	Communication and engagement methods	7-12
7.5	Engagement phases	7-20
7.6	Feedback.....	7-26

7.7	Monitoring and evaluation	7-41
7.8	Ongoing engagement.....	7-42

Chapter 8 - Coastal processes and sediment transport

8.1	Introduction	8-1
8.2	Assessment scope	8-2
8.3	Evaluation framework.....	8-3
8.4	Methods.....	8-4
8.5	Existing environment.....	8-8
8.6	Construction impacts.....	8-20
8.7	Operation impact assessment	8-22
8.8	Decommissioning impact assessment.....	8-29
8.9	Cumulative impacts.....	8-30
8.10	Summary of mitigation, monitoring and contingency measures	8-32
8.11	Conclusion	8-33

Chapter 9 - Benthic ecology

9.1	Introduction	9-1
9.2	Assessment scope	9-2
9.3	Evaluation framework.....	9-3
9.4	Methods.....	9-5
9.5	Existing environment.....	9-6
9.6	Construction impacts.....	9-15
9.7	Operation impacts	9-21
9.8	Decommissioning impacts	9-26
9.9	Cumulative Impacts.....	9-27
9.10	Summary of mitigation, monitoring and contingency measures	9-28
9.11	Conclusion	9-29

Chapter 10 - Fish and invertebrates

10.1	Introduction	10-1
10.2	Assessment scope	10-2
10.3	Evaluation framework.....	10-3
10.4	Methods.....	10-5
10.5	Existing environment.....	10-7
10.6	Construction impacts.....	10-20
10.7	Operation impacts	10-32

10.8	Decommissioning impacts	10-43
10.9	Cumulative impacts	10-44
10.10	Summary of mitigation, monitoring and contingency measures	10-46
10.11	Conclusion	10-48

Chapter 11 - Marine mammals and turtles

11.1	Introduction	11-1
11.2	Assessment scope	11-2
11.3	Evaluation framework.....	11-4
11.4	Methods.....	11-6
11.5	Existing environment.....	11-8
11.6	Construction impacts.....	11-41
11.7	Operation impacts	11-67
11.8	Decommissioning impacts	11-74
11.9	Cumulative Impacts.....	11-75
11.10	Summary of mitigation, monitoring and contingency measures	11-78
11.11	Conclusion	11-80

Chapter 12 - Offshore ornithology and bats

12.1	Introduction	12-1
12.2	Assessment scope	12-2
12.3	Evaluation framework.....	12-4
12.4	Methods.....	12-6
12.5	Existing environment.....	12-9
12.6	Construction impacts.....	12-37
12.7	Operation impacts	12-50
12.8	Decommissioning impacts	12-85
12.9	Cumulative Impacts.....	12-85
12.10	Summary of mitigation, monitoring and contingency measures	12-88
12.11	Conclusion	12-91

Chapter 13 - Marine protected areas

13.1	Introduction	13-1
13.2	Assessment scope	13-2
13.3	Evaluation framework.....	13-4
13.4	Methods.....	13-5
13.5	Existing environment.....	13-6
13.6	Corner Inlet Ramsar site impact assessment	13-11
13.7	Beagle Australian Marine Park impact assessment.....	13-18
13.8	Decommissioning impacts	13-22
13.9	Cumulative impact assessment	13-23
13.10	Summary of mitigation, monitoring and contingency measures	13-26
13.11	Conclusion	13-28

Chapter 14 - Non-Aboriginal underwater cultural heritage

14.1	Introduction	1
14.2	Assessment scope	2
14.3	Evaluation framework.....	3
14.4	Methods.....	5
14.5	Existing environment.....	7
14.6	Construction impacts.....	17
14.7	Operation impacts	24
14.8	Decommissioning impacts	28
14.9	Cumulative impact assessment	29
14.10	Summary of mitigation, monitoring and contingency measures	30
14.11	Conclusion	31

Chapter 15 - Commercial and recreational fisheries

15.1	Introduction	1
15.2	Assessment scope	2
15.3	Evaluation framework.....	3
15.4	Methods.....	5
15.5	Existing environment.....	9
15.6	Assessment context	30
15.7	Construction impacts.....	33
15.8	Operation impact assessment	42
15.9	Decommissioning assessment	53

15.10	Cumulative Impacts.....	54
15.11	Summary of mitigation, monitoring and contingency measures	56
15.12	Conclusion	58

Chapter 16 - Infrastructure and co-existence with other users

16.1	Introduction	16-1
16.2	Assessment scope	16-2
16.3	Evaluation framework.....	16-3
16.4	Methods.....	16-5
16.5	Existing environment.....	16-6
16.6	Construction impacts.....	16-17
16.7	Operation impacts	16-23
16.8	Decommissioning impacts	16-27
16.9	Cumulative impact assessment	16-28
16.10	Summary of mitigation, monitoring and contingency measures	16-30
16.11	Conclusion	16-32

Chapter 17 - Shipping and navigation

17.1	Introduction	17-1
17.2	Assessment scope	17-2
17.3	Evaluation framework.....	17-3
17.4	Methods.....	17-6
17.5	Existing environment.....	17-10
17.6	Construction impacts.....	17-21
17.7	Operation impacts	17-31
17.8	Decommissioning impacts	17-39
17.9	Cumulative impact assessment	17-40
17.10	Summary of mitigation, monitoring and contingency measures	17-43
17.11	Conclusion	17-45

Chapter 18 - Onshore ecology (EPBC matters)

18.1	Introduction	18-1
18.2	Assessment scope	18-2
18.3	Evaluation framework.....	18-1
18.4	Methods.....	18-1
18.5	Existing environment.....	18-4

18.6	Construction impacts.....	18-9
18.7	Operation impact assessment	18-20
18.8	Decommissioning assessment	18-24
18.9	Cumulative impacts	18-25
18.10	Summary of mitigation, monitoring and contingency measures	18-27
18.11	Offsets	18-28
18.12	Conclusion	18-28

Chapter 19 - Submerged Aboriginal cultural heritage

19.1	Introduction	19-3
19.2	Assessment scope	19-4
19.3	Evaluation framework.....	19-4
19.4	Methods.....	19-7
19.5	Existing environment.....	19-9
19.6	Construction impacts.....	19-22
19.7	Operation impacts	19-25
19.8	Decommissioning assessment	19-28
19.9	Cumulative impact assessment	19-29
19.10	Summary of mitigation, monitoring and contingency measures	19-31
19.11	Conclusion	19-33

Chapter 20 - Social

20.1	Introduction	20-1
20.2	Assessment scope	20-2
20.3	Evaluation framework.....	20-3
20.4	Methods.....	20-4
20.5	Existing environment.....	20-7
20.6	Construction impacts.....	20-14
20.7	Operation impacts	20-28
20.8	Decommissioning impacts	20-34
20.9	Cumulative impacts.....	20-35
20.10	Summary of mitigation, monitoring and contingency measures	20-37
20.11	Conclusion	20-38

Chapter 21 - Business and tourism

21.1	Introduction	21-1
21.2	Assessment scope	21-2
21.3	Evaluation framework.....	21-3
21.4	Methods.....	21-3
21.5	Existing environment.....	21-8
21.6	Construction impacts.....	21-13
21.7	Operation impacts	21-28
21.8	Decommissioning impacts	21-33
21.9	Cumulative impacts.....	21-34
21.10	Summary of mitigation, monitoring and contingency measures	21-37
21.11	Conclusion	21-39

Chapter 22 - Seascape, landscape and visual

22.1	Introduction	22-1
22.2	Assessment scope	22-2
22.3	Evaluation framework.....	22-2
22.4	Methods.....	22-5
22.5	Existing environment.....	22-6
22.6	Construction impacts.....	22-25
22.7	Operation impacts	22-26
22.8	Decommissioning assessment	22-32
22.9	Cumulative Impact Assessment.....	22-53
22.10	Summary of mitigation, monitoring and contingency measures	22-55
22.11	Conclusion	22-56

Chapter 23 - Commonwealth Environmental Management Framework

23.1	Introduction	23-2
23.2	Statutory context	23-4
23.3	Roles and responsibilities	23-9
23.4	Environmental Management System	23-11
23.5	Environmental management documents	23-14
23.6	Change management.....	23-30
23.7	Evaluating compliance	23-32
23.8	Mitigation measures	23-38

23.9	References	23-86
------	------------------	-------

Chapter 24 - EIS summary and conclusions

24.1	Introduction	24-1
24.2	Impacts on matters of national environmental significance	24-3
24.3	Principles of ecologically sustainable development.....	24-20
24.4	Objects of the EPBC Act	24-21
24.5	Summary of cumulative effects	24-23
24.6	Environmental Management Framework.....	24-34
24.7	Conclusion	24-34

Attachment I: EIS map book

Attachment II: Consultation report

Attachment III - Construction underwater noise management framework

Attachment IV – Seabird monitoring and management framework

Attachment V: EIS guidelines checklist

Technical reports

Technical report A - Coastal processes and sediment transport

Technical report B - Benthic ecology

Technical report C - Fish and invertebrates

Technical report D - Marine mammals and turtles

Technical report E – Offshore ornithology and bats

Technical report F - Marine protected areas

Technical report G - Onshore ecology

Technical report H – Groundwater

Technical report I - Surface water

Technical report J - Soil and waste

Technical report K - Aboriginal cultural heritage

Technical report L - Historical heritage

Technical report M - Non-Aboriginal underwater cultural heritage

Technical report N - Commercial and recreational fisheries

Technical report O - Infrastructure and co-existence with other users

Technical report P - Shipping and navigation

Technical report Q - Business and tourism

Technical report R - Social

Technical report S – Agriculture and forestry

Technical report T - Land use and planning

Technical report U - Seascape, landscape and visual

Technical report V - Electromagnetic field exposure

Technical report W - Onshore noise and vibration

Technical report X - Traffic and transport

Technical report Y - Air quality

Technical report Z - Submerged Aboriginal cultural heritage

Attachment I- Underwater noise modelling

Attachment II - Oil spill modelling summary
