Your Submission

I am local. Grew up in Port Welshpool, so of a fisherman connected through family to port Albert (see "a family called Smith" in my ancestors house - museum in Port Albert and Welshpool). Fished recreationally for almost 60 years, walked camped the prom extensively, swam to and walked across big and little snake island many times. I am strongly in favour of this project. Environmentally it is an excellent result for Gippsland and the country. Some environmental downsides are far outweighed by the upsides. From a local societal viewpoint, the industry will support employment and develop skills our locals can transfer to other likely employment moving forward. I have been interested and the operators have allowed me to critically consider the program for a few years through their extensive consultation process, actually enabling me to interrogate the extensive documentation at each stage. As a school principal locally for 19 years including Port Albert, Port Welshpool, Woodside and Fish Creek I hope this endeavor is successful
